IMACC'S PRODUCTS

- REBOTTLED IBCs
- RECONDITIONED IBCs
- POLY DRUMS
- HDPE REGRIND

IMACC Corporation is a reconditioner and recycler of Industrial Containers headquartered in Dalton Georgia with locations in Gastonia North Carolina and Jacksonville Florida. IMACC is the one source for all your container needs. Whether it be rebottled or reconditioned totes (IBCs), poly drums, or our free nationwide empty container pick up program, we have what it takes to keep your costs down and profits up.

IMACC is also one of the largest recyclers of end of life totes and poly drums in the country, keeping nearly 6 million pounds of plastic out of landfills annually.

IMACC is focused on providing a quality product with dependable service that is unmatched in our industry. Simply put, nobody responds to your needs quicker and nobody does it better.

HAVE EMPTY CONTAINERS YOU WANT REMOVED FROM YOUR FACILITY? CALL IMACC TODAY.

TOTES (IBCs)

IMACC offers rebottled and reconditioned IBCs in 275 and 330 gallon sizes and in various cage and pallet combinations. Totes are supplied to meet exact customer specifications and the cost is much lower than that of a new tote. With hands free, fully-automated wash lines you never have to worry about packaging your product in a sloppy container. IMACC supplies the cleanest containers in the business.

POLY DRUMS

IMACC offers OH and TH Poly Drums in a variety of sizes and colors, including blue, black, and natural.

EMPTY CONTAINER PICK UP

With locations in Dalton Georgia, Gastonia North Carolina and Jacksonville Florida, IMACC serves a wide customer base. If you have empty totes and or poly drums you would like picked up, call IMACC today. We will have your containers picked up within 24 hours of your request. We offer drop trailer services and routine pick ups as well. These services are free for any manufacturer or vendors containers.

PLASTIC RECOVERY AND RECYCLING

Early on IMACC recognized the need for a recycling program designed to safely and efficiently recover all plastic from end of life IBCs and Poly Drums. It's this forward thinking that has led us to where we are today and allowed IMACC to become an industry leader in the recovery and recycling of post industrial IBC plastic and Poly Drums.
